### Letter Of Recommendation:

W. G. Osborne Inc. has been inspecting, testing and repairing our gymnasium and playground apparatus for the last 5 years, during which time we have greatly improved the overall standard of the equipment.

We continue to use their services because they do the job right the first time, in addition they meet budgetary and time frame constraints. They know the regulations and codes and their crews are all properly trained in health and safety issues.

Over the years they have developed procedures to simplify the tests without compromising on standards and we have every confidence that our students are using equipment that not only meet the required codes but is safe to use. If we have a problem, whether real or perceived, we can rely on Wayne Osborne to respond and quickly resolve the matter.

We do not hesitate to recommend W. G. Osborne Inc., for any projects, inspection and testing services. Please do not hesitate to contact us should you require further information.

Yours truly,

Douglas A. Duncombe  
Manager of Maintenance Services
